

NEW! AWILCO Portable Power Station

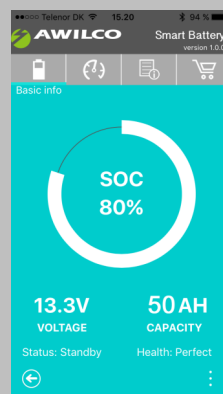

AWILCO ES-500 Energy System

Compact battery, smart design and mobile. Supports easy portable computers, handheld tool batteries, smart devices, temporary 230V AC, backup to alarms and monitoring.

Robust | Easy to operate | Long battery life

- 500W, 230V AC Pure Sine Inverter
- 50Ah LiFePo4 battery
- USB and 12V DC output
- Charged via 12V DC or 230V AC
- Prepared for solar cells
- Bluetooth battery monitor
- 37x13x25 cm - 9.2 kg

AWILCO Smart Battery App

Built of well-proven components | Minimal maintenance

ES-500 with accessories included

Specifications

Product name:	ES-500	Battery model:	Lithium 12V 50 Ah
DC Charging:	Voltage 13.5V—18V Power 5A	AC Charging:	Voltage:13.5V Power 6A
12V DC output:	Voltage DC 12V $\pm$ 5% Max output power 8A	USB 5V DC output:	Voltage DC 5V $\pm$ 5% Max output power 2A
Dimensions:	37x31x25 cm	Weight:	9.2 kg
Operating temperature:	-10°C to 45°C	Storage temperature:	0° to 45°C
AC Output:	Max continuous output 400W Voltage: AC220V $\pm$ 10% Waveform: Pure sine Frequency 50Hz
